A.R.P Scheme for Bhadravati ____

Sir,

A simple scheme was prepared by the I.G.P & submitted to Govt in June 1941. The same was approved by Govt: on 11-7-1941 Subsequently a note on further measures considered necessary was submitted by me 4th November 1941. The same was also submitted to Govt

Since then on the appointment of the Gl. Manager Iron & Steel Works as the A.R.P Controller a series of memos & orders ⊛ have been issued by the latter which together form the in effect the scheme which is being carried out

⊛ Annexed (Enclosed for perused)

There is no full scheme for Bhadravati which can be printed. Nor does it seem necessary to print the several orders etc issued by the Gl. Manager

"Copy"

W 126-40-1

AIR RAID PRECAUTIONS AT BHADRAVATI.

Area: Air Raid Precautions at Bhadravati can, for all practical purposes, be confined to the areas covered by the Iron and Steel Works and the Paper Mills, which, in the absence of any anti-aircraft protection, provide an unmistakeable target for low flying aeroplanes in daylight or moonlight.

Scope: It will be sufficient to concentrate on the following:

1. Air Raid Warnings.
2. Black-out.
3. Dispersal of labour in the Works area, including the provision of slit trenches, where practicable.
4. Fire-fighting.
5. First aid.

1. Air Raid warning. It is presumed that intimation will be received by the Mysore Government from Madras District Headquarters whenever air raids are either

(a) likely, or
(b) imminent,

and communicated direct to the General Manager of the Iron Works at Bhadravati through the Chief Electrical Engineer.

As soon as warning (a) is received, all heads of departments will be warned to be on the alert and to satisfy themselves that all A.R.P. services are ready to function immediately the warning siren sounds. At this stage, the General Managers of the Iron Works and Paper Mills will arrange for a continuous look-out for hostile aeroplanes to be maintained from the Cement Works' tower and from the water tower respectively, and for the system of communication with the central Works office, whether by day or night, to enable the warning sirens to be sounded.

As soon as warning (b) is received, or whenever the approach of aircraft is signalled without previous warning, the sirens

will sound the "alert" with a series of short blasts. The "all clear" signal will be a long blast lasting for about a minute.

N.B. Arrangements should be made for the telephone stations at Shimoga, Kemmangundi and Agasanahadlu to communicate with Bhadravati immediately the sound of aeroplane engines is heard.

2. Black-out. On receipt of the imminent air raid warning, the Superintendent, Power and Lighting, at Bhadravati will immediately switch off all lights in the old town but will leave it to the General Managers of the Iron Works and Paper Mills to control the black-outs in their own areas, where essential services will be kept going with properly screened lights.

3. Dispersal. At the sound of the warning siren all personnel present in the Works area, except those previously detailed for A.R.P. and other essential services, will disperse quietly to the slit trenches to be provided as near as possible to the scene of their work.

4. Fire-fighting. The only inflammable portions of the Iron and Steel Works are the coal yards, fuel yards and alcohol and tar tanks, which are already adequately provided with fire-hydrants and hoses.

In the Paper Mills, the General Manager has undertaken to increase the number of fire hydrants, especially with a view to preventing and controlling fires in the basements, which are full of rags and other inflammable material.

The General Managers will arrange to detail personnel from each shift for this duty and will also arrange for periodical practices.

Trailer pumps and stirrup pumps are not required in the

factory areas. Sand and shovels for dealing with incendiary bombs are already present in the Iron Works in abundance. A sufficiency of send buckets should be provided by the General Manager of the Paper Mills.

5. First Aid. At the Iron Works, facilities already exist. In the hospital close-by there is a staff consisting of one Assistant Surgeon, one Sub-Assistant Surgeon and four Compounders. In the Steel plant a Compounder is always on duty. First aid outfits have been or are being provided for all departments. Stretchers are available.

In the Paper Mills, arrangements should be made to train some of the personnel in each shift in First aid, and first aid outfits and some stretchers should be kept ready on the spot. Injured persons would be taken to the Iron Works hospital.

The General Manager of the Iron and Steel Works is considering the question of providing a lorry for use as an ambulance for taking serious cases to Shimoga.

C.B. (45m) 8/11/41

Subject: A.R.P. Scheme for Bhadravathi.

X With reference to your letter No.347/W dated the 11th July 1941, I have the honour to forward for information a note by the Special A.R.P. Officer indicating further A.R.P. measures required at Bhadravathi.

I have the honour to be,
Sir,
Your most obedient servant,

INSPECTOR GENERAL OF POLICE.

SUBJECT: A.R.P. for Bhadravathi.

I went round the Bhadravathi Iron and Steel Works and the new and old towns on 12-10-1941 and met Mr. B.Viswanath, General Manager on 13-10-41. We discussed generally the details of further A.R.P. arrangements in the light of this office letter No. C.C.112/40-41 dated 10-10-41 to the Chief Secretary suggesting the issue of a notification to constitute A.R.P. services for the area covered by the Industrial plants and the old and new towns as well as the appointment of the General Manager, Iron and Steel Works as the A.R.P. Controller for the area.

The important items now indicated for Bhadravathi are a Control Room, Wardens' Organisation inside the Works and in the new and old towns, messenger service, a few first aid posts and parties, protection of vital plant and key personnel and constitution of rescue and repair services.

It now seems that some kind of heavy and first aid fire-fighting arrangements would be necessary for certain special areas in the Works and as a measure of general protection against fires. The General Manager kindly made a note of the above.

In addition the constitution of an A.R.P. Executive Committee comprising the General Manager of the Iron and Steel Works and the Paper Mills, the head of the Cement Factory, the new Town Officer and the President of Bhadravathi Municipality (old Town) and the Police Inspector, Bhadravathi, was suggested.

In this connection it appears to me very necessary to arrange for switching off all street and external lights in the neighbouring towns of Shimoga and Tarikere also on the sounding of the preliminary warning. The

The Deputy Commissioner of Shimoga to whom I put the suggestion agreed with me about its necessity in an emergency.

The protection of special areas in Bhadravathi like the Electric Power Station and the Railways will be dealt with as part of special schemes which will have to be drawn up by the heads of the Departments concerned. During ~~an~~ air raid, i.e. after preliminary warning, these services would also come under the A.R.P. Controller. The arrangements in those special areas should be co-ordinated with those of the general A.R.P. scheme for Bhadravathi and liaison with the latter should be maintained. The preparation of a complete A.R.P. scheme on the above lines was suggested to the General Manager and its receipt is awaited.

Sd. N.Madhava Rao.
Special A.R.P. Officer.

Law Minister & Dewan
Please issue all necessary orders.

Mirza Ismail

Please refer to my Secret D.O. letter No.C.C.61/41-42 dated 11-12-1941, regarding Air Raid Warnings. 13/12/41 13/12

2. From now on lighting restrictions according to Scale A (maximum obscuration consistent with public safety) must be introduced at Bhadravathi and plans made for the transition to Scale B (extinction of street and exterior lights and shading of interior lights) at very short notice; hooters and sirens must no longer be sounded there for any purpose other than Passive Air Defence.

3. I am asking Mr. N.Madhava Rao, Special A.R.P. Officer, to proceed at once to Bhadravathi and explain to the General Manager, Iron and Steel Works, exactly what is required. He will take with him one of our newly trained Class III Instructors and will leave him at Bhadravathi to give instruction in A.R.P.

Extract to Gr. I, CPS. 12/12

4. In the A.R.P. Scheme for Bhadravathi enclosed with my letter No.C.C.112/40-41 dated 6-11-1941, the need for switching off all street lights at Shimoga and Tarikere simultaneously with those at Bhadravathi, immediately the "preliminary caution" (Yellow) is received, was stressed. This will be arranged by Mr. Madhava Rao with the Superintendent of Power and Lighting, Bhadravathi.

5. In the meantime, it is urgently necessary for Government to issue the requisite notification under Section 2 of the A.R.P. Services (Emergency) Act, 1941, creating an Air Raid Precautions Service for the area comprising the Iron and Steel Works, the

and the

the Paper Mills and the old town of Bhadravathi and appointing the General Manager, Iron and Steel Works, as the Controller. The Air Raid Precautions Services Rules, 1941, should be extended to that area at the same time.

SIR,

Air Raid Precautions - Mysore Hostile Attack (Precautions) Orders.

With reference to para 8 of my letter No.C.C.111/40-41 dated 11th October 1941, I have the honour to request that Government may be pleased to issue forthwith the enclosed draft notification under Rule 51(1) of the Defence of India Rules as applied to Mysore.

Under Rule 1(2) of the A.R.P. Services Rules, 1941, read with paragraph 2 of the draft notification, these Orders will come into force automatically in the Cities of Bangalore and Mysore but will come into force at Bhadravathi only after the A.R.P. Services Rules, 1941, have been extended to that area by notification in the official Gazette. It is therefore requested that a notification extending the A.R.P. Services Rules, 1941, to the area comprising the Iron and Steel Works, the Paper Mills and the old and new towns of Bhadravathi, may also kindly be published in the official Gazette forthwith.

I have the honour to be,

DRAFT NOTIFICATION.

Government are pleased to issue the following orders under sub-rule (1) of Rule 51 of the Defence of India Rules as applicable to Mysore.

1. These orders shall be called the Mysore Hostile Attack (Precautions) Orders.

2. They will come into force at all places in Mysore to which the A.R.P. Services Rules are made applicable.

3. In the event of a hostile attack, whether the Air Raid Warning signal is sounded or not or whenever the A.R.P. Controller arranges after previous notice to the public for an A.R.P. exercise with a view to acquainting the general public with the action to be taken in the event of a hostile attack, on the sounding of an Air Raid Warning Signal, the following provisions shall come into force and shall remain in force until the RAIDERS PASSED signal has been sounded:-

(i) Every person who has no duties to perform in connection with Air Raid Precautionary Services and who is within a building shall remain therein.

(ii) All persons who have no duties to perform in connection with Air Raid Precautionary Services and who are in the open shall take shelter.

(iii) Subject to the provisions of clause (v) all vehicular traffic shall pull into the left hand side of the road and stop. Railway trains should come to a halt.

(iv) All animals drawing vehicles shall be unharnessed or unyoked from their vehicles, and all such animals shall be tied to a spoke of a wheel (below the hub) of the vehicle from which they were unharnessed or unyoked.

(v) Police vehicles, ambulances, fire engines and lorries, rescue party lorries, authorised Air Raid Precautionary staff vehicles, salvage corps vehicles and vehicles which are the property of the Defence Forces shall be permitted to proceed on the roads.

(vi) If the hostile attack occurs or if the A.R.P. Exercise is held after sunset, the drivers of all vehicles except those mentioned in clause (v) shall extinguish all lights immediately.

(vii) All persons in any building or any public road, street, thoroughfare, park, shelter, trench or open space shall obey the reasonable directions of any Police Officer, or Air Raid Warden regarding the manner in which they shall behave for the protection of themselves or the public during

during the period of a hostile attack or A.R.P. exercise, as the case may be.

4. Every owner or occupier of any building or premises, shall, on demand by any Police Officer, or Air Raid Warden, admit into such building or premises any person seeking shelter during the period of a hostile attack.

5. Any private vehicle, including a vehicle drawn by animals, may be requisitioned from the road or from any other place by any Air Raid Warden or Police Officer for the carriage of any person injured in a hostile attack to any place for the purpose of receiving medical attention or for taking an urgent message.

DRAFT NOTIFICATION.

Government are pleased to issue the following order under sub-rule (1) of Rule 52 of the Defence of India Rules as applied to Mysore, viz. -

On and after the 15th December 1941 and within the limits of Bhadravathi town in the Shimoga District and a radius of five miles thereof

1. No light shall be used in any building or part of a building or any premises appurtenant to such building or part unless it is so placed or is so screened by an opaque shade or by thick black or dark coloured material that no direct or reflected ray of light or glare emanating from it is visible from any angle outside the building.

2. No light whether intended for decoration, advertisement or any other purpose shall be exhibited on the outside of any building or construction or on any plot of land.

3. All public lighting in any street or in any public place shall be reduced to the minimum compatible with the safety of the public and the traffic in such street or place, to the satisfaction of an officer appointed by the District Magistrate, Shimoga District, in that behalf.

4. No light brighter than that emanating from an ordinary oil lamp or candle lamp shall be carried or kept in any street or open place, whether public or private.

5. No light brighter than that emanating from any oil lamp or candle lamp ordinarily used on carriages or carts shall be used on any vehicle unless such light has been so obscured as to diminish and diffuse it and make it incapable of producing any beam:

Provided that lights used on motor vehicles shall be screened in the following manner.

(a) No lamp showing other than a white light to the front or side and a red light to the rear shall be carried on a motor vehicle without special permission of the

the District Magistrate, Shimoga District.

(b) All lamps carried on a motor vehicle capable of projecting a beam of light shall be screened to the satisfaction of the District Magistrate, Shimoga District, or an officer empowered by him.

Explanation.

A head-light which is capable of projecting a beam of light shall be deemed to be screened to the satisfaction of the District Magistrate, Shimoga District, if it is screened in the following manner:-

A single sheet of brown paper shall cover the whole of the glass and a second sheet of brown paper shall be superimposed over the top half of the glass.

Rear lamps capable of projecting a beam of light upwards to illuminate the rear number plate shall be deemed to be screened to the satisfaction of the District Magistrate, Shimoga District, if it is so screened that no beam of light is visible from above the level of the top of the rear number plate.

A side lamp will be deemed to be screened to the satisfaction of the District Magistrate, Shimoga District, if it is screened in the following manner:-

By means of a single sheet of brown paper if the glass is frosted.

By means of a double sheet of brown paper if the glass is clear.

The paper used shall be equal in density to the stamped sample which is available for inspection in the office of the District Superintendent of Police, Shimoga, or the A.R.P. Controller, Bhadravathi. The paper used shall not be wetted, oiled, varnished or treated in any other way so as to increase its transparency.

No bulbs of more than 36 watts shall be used in any head lamp or of more than 6 watts in any side lamp or rear lamp.

6. Any Police Officer or any other officer empowered in this behalf by the District Magistrate, Shimoga District, may direct any person to dim, screen or obscure any light used in or on any building, premises, or land, or any vehicle so as to comply with the provisions of this Order; such direction may require such person to remove or extinguish such light if in the opinion of such officer such light does not comply with the provisions of this Order.

A.R.P.:No.2.

17th December 1941.

Lighting Restrictions in Bhadravati Town.

M e m o.

With effect from the 18th December 1941 all street lights in the limits of the Iron and Steel Works and Paper Mill areas and the Bhadravati Municipality will be shaded by means of cylindrical hoods made of opaque material and fixed to the reflectors. They will be extinguished after 12 midnight. All ornamental street lights and exterior lights of buildings will be extinguished completely and all interior lights shaded so that no direct or reflected ray of light or glare emanating from it is visible from any angle outside the building. No light brighter than an ordinary oil light will be permitted in the open. Electric hand torches will be allowed to be used only if the aperture through which light is emitted is not more than 1 inch in diameter and that the light is dimmed with one layer of newspaper or its equivalent. All headlights of vehicles should be dimmed according to the prescribed standard.

On the sounding of the Air Raid Warning all the electric lights at Bhadravati(excepting in the factory areas) as well as in the neighbouring towns of Shimoga and Tarikere and intermediate places will be extinguished until the RAIDERS PASSED signal is given.

Separate instructions will issue regarding the control of lighting in the factory areas.

Necessary traffic signals on the main roads in the Town will be installed for the guidance of the public using it under conditions of restricted lighting.

The Police force should be suitably strengthened to maintain order and to control traffic at night during the period.

(Sd). B. Viswanath.
CONTROLLER,
A.R.P.

A. R. P.

Memo.

On receipt of special air raid warning messages viz. Priliminary Caution (YELLOW) and Action Warning (RED) from the Station Master Bhadravati Railway Station (Telephone No.49) at the Bhadravati Telephone Exchange (Telephone No.10) the operator on duty should immediately communicate the warning to Telephone Nos. 17 and 21 and then to the following numbers in that order.

	Designation	Telephone No.
1	General Manager, M.I.S.W.	23 Office hours.
2		
3		
4		

2. The officers to be warned according to para 1 above should arrange to have their respective telephones manned by day and by night in order to receive messages coming through quickly. They will also prepare lists of persons (with telephone numbers) to be warned by them in turn.

3 All persons so warned ~~xxxxx~~ will on receipt of the warning assemble at once at their posts for duty in accordance with instructions to be issued separately.

General Manager,
The Mysore Iron and Steel Works,
Bhadravati.
Controller ARP

Government of His Highness the Maharaja of Mysore.

No.W.1235/W.126-40-10. General and Revenue Secretariat,
Dated, Bangalore, 16th December 1941.

Notification.

Government are pleased to issue the following orders under sub rule (1) of Rule 81 of the Defence of India Rules as applied to Mysore.

1. These orders shall be called the Mysore Hostile Attack (Precautions) Orders.

2. They will come into force at all places in Mysore to which the A.R.P. services Rules are made applicable.

3. In the event of a hostile attack, whether the Air Raid Warning signal is sounded or not or whenever the A.R.P. Controller arranges after previous notice to the public for an A.R.P. exercise with a view to acquainting the general public with the action to be taken in the event of a hostile attack, on the sounding of an Air Raid Warning Signal, the following provisions shall come into force and shall remain in force until the RAIDERS PASSED signal has been sounded:-

(i). Every person who has no duties to perform in connection with Air Raid Precautionary Services and who is within a building shall remain therein.

(ii). All persons who have no duties to perform in connection with Air Raid Precautionary Services and who are in the open shall take shelter.

(iii). Subject to the provisions of clause (v) all vehicular traffic shall pull into the left hand side of the road and stop. Railway trains should come to a halt.

(iv). All animals drawing vehicles shall be unharnessed or unyoked from their vehicles, and all such animals shall be tied to a spoke of a wheel (below the hub) of the vehicle from which they were unharnessed or unyoked.

(v). Police vehicles, ambulances, fire engines and lorries, rescue party lorries, authorised Air Raid Precautionary staff vehicles, salvage corps vehicles and vehicles which are the property of the Defence Forces shall be permitted to proceed on the roads.

(vi). If the hostile attack occurs or if the A.R.P. Exercise is held after sunset, the drivers of all vehicles except those mentioned in clause (v) shall extinguish all lights immediately.

(vii). All persons in any building or any public road, street, thoroughfare, park, shelter, trench or open space shall obey the reasonable directions of any Police Officer, or Air Raid Warden regarding the manner in which they shall behave for the protection of themselves or the public during the period of a hostile attack or A.R.P. exercise, as the case may be.

4. Every owner or occupier of any building or premises, shall, on demand by any Police Officer, or Air Raid Warden, admit into such building or premises any person seeking shelter during the period of a hostile attack.

5. Any private vehicle, including a vehicle drawn by animals, may be requisitioned from the road or from any other place by any Air Raid Warden or Police Officer for the carriage of any person injured in a hostile attack to any place for the purpose of receiving medical attention or for taking an urgent message.

By Order,

Sd. B.T. Kesavaiengar,
Chief Secretary to Government.

General Manager,
The Mysore Iron and Steel Works.,
Bhadravati.

Bhadravati,
17th December 1941.

Controller

Government of His Highness the Maharaja of Mysore.

No.W.1234/W.126-40-9: General and Revenue Secretariat, Dated, Bangalore, 16th December, 1941.

Notification.

Government are pleased to issue the following order under sub rule (1) of rule 52 of the Defence of India Rules as applied to Mysore viz.:

On and after the 16th December 1941 and within the limits of Bhadravati town in the Shimoga District and a radius of five miles thereof:-

1. No light shall be used in any building or part of a building or any premises appurtenant to such building or part unless it is so placed or is so screened by an opaque shade or by thick black or dark coloured material that no direct or reflected ray of light or glare emanating from it is visible from any angle outside the building.

2. No light whether intended for decoration, advertisement or any other purpose shall be exhibited on the outside of any building or construction or on any plot of land.

3. All public lighting in any street or in any public place shall be reduced to the minimum compatible with the safety of the public and the traffic in such street or place, to the satisfaction of an officer appointed by the District Magistrate, Shimoga District, in that behalf.

4. No light brighter than that emanating from an ordinary oil lamp or candle lamp shall be carried or kept in any street or open place, whether public or private.

5. No light brighter than that emanating from any oil lamp or candle lamp ordinarily used on carriages or carts shall be used on any vehicle unless such light has been so obscured as to diminish and diffuse it and make it incapable of producing any beam;

Provided that lights used on motor vehicles shall be screened in the following manner:

(a). No lamp showing other than a white light to the front or side and a red light to the rear shall be carried on a motor vehicle without special permission of the District Magistrate, Shimoga District.

(b). All lamps carried on a motor vehicle capable of projecting a beam of light shall be screened to the satisfaction of the District Magistrate, Shimoga District, or an officer empowered by him.

Explanation.

A head-light which is capable of projecting a beam of light shall be deemed to be screened to the satisfaction of the District Magistrate, Shimoga District, if it is screened in the following manner:-

A single sheet of brown paper shall cover the whole of the glass and a second sheet of brown paper shall be superimposed over the top half of the glass.

Rear lamps capable of projecting a beam of light upwards to illuminate the rear number plate shall be deemed to be screened to the satisfaction of the District Magistrate, Shimoga District, if it is so screened that no beam of light is visible from above

above the level of the top of the rear number plate.

A side lamp will be deemed to be screened to the satisfaction of the District Magistrate, Shimoga District, if it is screened in the following manner:-

By means of a single sheet of brown paper if the glass is frosted.

By means of a double sheet of brown paper if the glass is clear.

The paper used shall be equal in density to the stamped sample which is available for inspection in the office of the District Superintendent of Police, Shimoga, or the A.R.P. Controller, Bhadravati. The paper used shall not be wetted, oiled, varnished or treated in any other way so as to increase its transparency.

No bulbs of more than 36 watts shall be used in any head lamp or of more than 6 watts in any side lamp or rear lamp.

6. Any Police Officer or any other Officer empowered in this behalf by the District Magistrate, Shimoga District, may direct any person to dim, screen or obscure any light used in or on any building, premises, or land, or any vehicle so as to comply with the provisions of this order; such direction may require such person to remove or extenguish such light if in the opinion of such officer such light does not comply with the provisions of this order.

By Order,

Sd. S. K. Venkataramanier,
For Chief Secretary to Government.

POLICE DEPARTMENT.

OFFICE OF THE
INSPECTOR-GENERAL OF POLICE IN MYSORE,

No. C.C.110/40-41

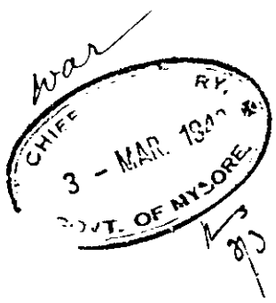
Bangalore, dated..... 28th February 1942

FROM

E. G. B. PEEL, Esq., C.I.E.,
Inspector-General of Police in Mysore,
Bangalore.

To

The A.R.P. Controller,
Bhadravati.



A.R.P. AT BHADRAVATI.

Sir,

With reference to your letter No.3770 dated 4-2-1942 regarding the classification of the Bhadravati Iron and Steel Works and the precautionary measures to be taken in such factories I have the honour to enclose for your information a copy of a note by the Special A.R.P. Officer.

I agree with his views. The point is that while removal of glass is desirable in all factories which are considered important enough to require special precautions against air raid attack, it is obligatory only in the area for the time being classified as 'threatened'.

I have the honour to be,
Sir,
Your most obedient servant,

Sd. E.G.B.Peel

INSPECTOR GENERAL OF POLICE.

Copy with copy of letter to which it is a reply is forwarded with compliments to the Chief Secretary to Government for information.

Subd for perusal.

E. G. Peel

INSPECTOR GENERAL OF POLICE.

Letter No.3770 dated 4-2-1942 from the A.R.P. Controller, Bhadravati to the Inspector General of Police in Mysore, Bangalore.

Subject:- A.R.P. at Bhadravati.

Reference:- Your letter No.C.C.110/40-41 dated Bangalore, 29th January 1942.

We are in receipt of the above letter enclosing a copy of the Secret letter No.1596/W dated 27th January 1942 from the Chief Secretary to the Government of Mysore addressed to your goodself regarding the removal of galss in all BII and C factories in the State.

We shall thank you to kindly advise the classification under which the Mysore Iron and Steel Works is classified and also the precautionary measures to be taken for factories coming under this classification.

" C O P Y "

For INSPECTOR GENERAL OF POLICE.

[illegible] BII [illegible] CL[illegible] AS[illegible] I.

The A. . . Co troller Phadravati wishes to know in which class t e Madravati Iron and Steel orks has been placed t the scales to be taken for factories in t e class. In the lite fine regarding A.... for Madravati it was decided that Madravati need not be classified. The Madurvati are not t e factory nose for purposes of classification of towns for A. .P. (as revised, been placed in full in the time to time.

Note:- Instructions of Government of India are awaited regarding the measures to be adopted in -I and II-II towns [illegible] will be intimated to the Madravati on receipt.

As regards the more important steel works, Government of India have not classified it so far to be attached to industries of vital importance to the war effort. According to the Government of India would be the case in this respect in the matter of priority of supply of equipment in the case of the factories. In the case of classification for purposes to be the criteria to priority in the matter of supply of equipment, it would be the case that the Government there seek to adopt in this connection in to classify the Iron and Steel works. As for the case of precautions it is becoming that the Government the classification it the time of the present. As Madravati is not to be treated as a centre of national importance protection and precautions would be those recommended for large factories in the Government of India publication ' A Summary of A. . . measures applicable to factories'.

SIR,

PROGRESS OF A.R.P. MEASURES AT BHADRAVATI.

I have the honour to enclose for information of Government a copy of the Bhadravati A.R.P. Controller's report of progress made in A.R.P. measures during February 1942.

I visited the Works with the General Manager, the Deputy Commissioner and the District Superintendent of Police. Obscuration is effective and water supplies are ample. Owing to funds not having been sanctioned no work has so far been done in connection with the provision of key-men shelters, slit trenches or the organisation of a Control Room. Funds have now been sanctioned and work will be put in hand.

I have the honour to be,
Sir,
Your most obedient servant,

FIRST - AID:-

Three more batches consisting of employees of the Mysore Iron & Steel Works and the Mysore Paper Mills were trained during the month, the total number of persons being 85. Arrangements is being made to start separate training classes in the Old Town, Bhadravati, by the Sub Assistant Surgeon, L.F. Dispensary, Bhadravati, for the benefit of the people living in the old Town Area.

Fire-fighting.-

64 employees were trained during the month.

Rescue & Demolition parties:-

30 employees are being trained.

General:-

Mr. T.K. Rama Rao, an officer of the Works, has been deputed for undergoing training in the Industrial Course at the A.R.P. Staff School at Calcutta between the 9th and 28th March 1942.

A meeting of the Divisional Wardens and Wardens of the Central Services was held during the month to review the progress made and to discuss the measures to be adopted in future.

The lists of personnel, such as, Sector Wardens, First-Aid party etc. are being revised on the lines suggested by Mr. Gordon Peace, Chief Adviser on Factory Air Raid Precautions during his recent visit to Bangalore.
